

The most wonderful and magical destination on Earth.

TASMANIA

Self-drive Tips

Tasmania's network of highways allows drivers to loop around the island discovering an ever-changing landscape, but please allow several days driving – it's bigger than you think.

Drivers are reminded to fill up their tank if they are travelling long distances off the main routes, to or from the West Coast, or to the far south – particularly if driving after 6pm.

Tasmania has a small population and there are very few freeways however the two-lane roads are well-maintained and the traffic is light.
