

# GERMANY

Black forest

Rothenburg

*The place known for its big-city charms, romantic medieval castles and half-timbered towns.*

## Self-drive Tips

Germany has a fantastic road and highway network, especially the Autobahn that will connect you between all the major cities quickly and efficiently. The Autobahn do not have speed limits, unless otherwise marked. The recommended speed for Autobahn is 130 kilometres per hour (km/h).

You can only pass another car in the left lane. The right lane is for slower vehicles, and overtaking cars in the right lane is illegal.

Some areas of Germany have a time limit parking system, where a Parking Disc must be used. Carry some cash just in case as police in Germany will often collect fines on the spot. Be aware of Green zones where you can only enter if you have a valid low-emission disc.
